Volunteer

03/2025 – 04/2025
OAU, Ile-Ife, Osun State

Data Analysis Facilitator
Data Science Nigeria, OAU ☑

- Delivered hands-on Excel training on formulas, Pivot Tables, dashboards, and reporting.
- Taught data cleaning, analysis, and visualization techniques for business applications.
- Mentored aspiring analysts, enhancing technical skills and effective communication.

Projects

06/2025 – 07/2025

TDI Excel Capstone Project ☑
Onyx Bank - Customers Churn Analysis
Analyzed 9,997 customer records, after cleaning, to uncover churn drivers such as age, balance, tenure, and geography. Designed Excel dashboards with Pivot Tables, Charts, and KPIs to visualize patterns. Recommended loyalty, retention, and reactivation strategies that support customer engagement and profitability.

05/2025 – 05/2025

Daniel Nte Daniel Excel Guided Project ☑
Human Resources Analysis
Designed and developed an interactive HR dashboard to analyze workforce demographics, attrition, and performance. Cleaned and modeled employee data, built dynamic visualizations, and delivered actionable insights to support retention strategies and HR decision-making.
